About Go2WorkPlacement

Go2workplacement is for students enrolled in HSC VET courses in NSW which have a mandatory work placement. It can be completed as part of class work or in students' own time.

For teachers, Go2workplacement complements existing school based, work ready activities so that students get the maximum benefit from their time in the workplace.

Go2workplacement can be completed on a PC or a mobile device. It can be undertaken as a class activity or in the students own time.

Benefits of completing the go2workplacement include:

- Students having a good understanding of work placement expectations and how to make the most of the placement.
- Reinforces knowledge of Work Health Safety (WHS) prior to the placement.
- Student selects Course Competencies, Personal Attributes and Employment Related Skills to focus on and refine during the placement.
- Go2workplacement complements existing work readiness programs which are already part of your curriculum.
- The Work Placement Ready Certificate awarded on completion of go2workplacement assures the host employer students have prepared for their work placement.

The dashboard helps you to manage your class enrolments, monitor student progress and print Work Placement Ready Certificates for students and determine which students are ready for their work placement. You can print out completed Certificates and sign these for your students.

About MyWorkExperience

MyWorkExpereince is a resource schools and students can use if they are wanting to go into work experience.

For teachers, MyWorkExpereince is an additional tool for to ensure students are better prepared for work experience It compliments existing school based, work ready activities so that students get the maximum benefit from their time in the workplace.

MyWorkExpereince can be completed on a PC or a mobile device. It can be undertaken as a class activity or in the students own time.

Benefits of completing the MyWorkExpereince include:

- Reinforces knowledge of Work, Health & Safety (WHS) prior to the placement.
- Student selects Personal Attributes and Employment Related Skills to focus on during the experience.
- MyWorkexpereince may compliment existing work readiness programs, which are already part of your curriculum.
- The Work Experience Ready Certificate, earned through MyWorkExperience, assures host employers that students have prepared for their work placement

The dashboard helps you to manage your class enrolments, monitor student progress and print Work Experience Ready Certificates for students, and determine which students are ready for their work experience. You can print out completed Certificates and sign these for your students.

Teacher Registration

A teacher registration login has been created for teachers to manage student progress and completion of the Go2WorkPlacement & MyWorkExperience modules. Make sure you select the teacher registration field to create your teacher account.

The screenshot displays the Go2WorkPlacement website interface. At the top, there are logos for 'PROUD MEMBER OF THE WORKPLACE LEARNING NETWORK', 'NSW GOVERNMENT', and 'Education'. The main content area is divided into two columns. The left column features a 'Work placement' section with descriptive text and tips, followed by a 'For Students' section with links for 'Student log in' and 'Student registration'. The right column shows a 'Teachers log in' modal form. This form includes fields for 'Username' and 'Password', a link for 'Approved Teacher? and forgot your Password?', and buttons for 'Create an account' and 'Login'. A red arrow points to the 'Teachers log in' header, and a text overlay reads 'Ensure you are registering as a teacher'.

Work placement

Go2workplacement complements existing school based, work ready activities so that students get the maximum benefit from their time in the workplace. By completing online modules students identify specific skills and competencies to focus on during their work placement.

On completion of go2workplacement students are awarded a Work Placement Ready Certificate that outlines skills and attributes they want to develop during their work placement. The Certificate should be signed by the VET teacher. It provides a host employer with an assurance the student is prepared for their placement and enables them to tailor the placement to the student.

Go2workplacement also enables VET teachers to monitor student completion of the Work Placement Ready Certificate to determine which students are ready for their work placement. You can print out completed Certificates and sign these for your students.

Go2workplacement can be completed on a PC or a mobile device. It can be undertaken as a class activity or in the students own time.

Tip: Make sure students use headphones if this is a class activity.

Tip: It is recommended teachers complete their own Work Placement Ready Certificate to familiarise themselves with the content of the modules. They can then assist students who experience problems completing the modules.
